Golf Etiquette, Good to Know!

First and foremost, Have Fun!

Be safe and use caution while using the practice facility and golf course.

No throwing clubs or golf balls.

When playing for score, be sure to count all your strokes, including whiffs.

Be certain that the players in the group ahead of you are out of range before you hit.

Stay clear, behind, and well away from another player when they are taking their shot.

While on the course, please refrain from moving or talking while another player is hitting.

Play ready golf!

Replace your divots, repair ball marks, and rake all bunkers after hitting out of them.

Rest your golf bags on the exit side of the green nearest your next tee off area.

Enter bunkers from the lowest side. Rake sand evenly and place rakes back into the bunker.

Never walk on, in front of or across another players putting line.

Use trash containers for all your broken tees, candy wrappers, soda bottles, etc.

Use ball washers while no one is teeing off.

FAQs

Parental Involvement

Parents/Guardians play an important role in the success of our Junior Golf Program. Participation is not required but we do appreciate having additional adults attend weekly sessions, to support and observe the golfers. If you can attend a session, please contact Joe at joeleonard@kestrelridgegolf.com.

Does my Junior Golfer need Golf Equipment?

Yes. We do not have golf equipment for junior golfers to use. If you do not currently have equipment for your junior golfer, please attend the Welcome Party as we will have affordable club fitting options available for all participants. If you are unable to participate in the Welcome Party, please contact Joe in advance, so that we may schedule a time to perform a club fitting.

Inclement Weather, Rainouts

In the event of inclement weather, please visit our Facebook page to check the status of the weekly activities. In addition, we will notify everyone via email, 1 hour prior to your scheduled session. For this reason, please be sure the email address you use for the contact form, is one that is used and checked regularly.
